It is a subject of regret to the writer of this record of a most diabolical crime that events have so transpired that public mention must be made of the cruel betrayal of one of Richmond's noblest and fairest daughters. The victim of this narrative has suffered all that mortal is capable of, and the publication of the subtle means by which a fiend has withered the life of a beautiful and innocent character will give it the only slender earthly consolation that remainsthe sympathy of the entire communitywhile it will furnish to the unsuspecting an example to keep them on their guard against adventurous impostors.

shape of man, who under lying pretences and forged papers of reference and intro duction has made her his wife simply to gain position whereby he negotiated a draft for \$800. To think of an innocent, confiding girl sacrificed by demon of mammon is a thought as incomprehensible as it is appalling. Why a Cannibal may slay his fellowman to feast upon his carcass, or why a savage might kill an enemy from a spirit of revenge or batred, or a semi-savage take a human life to rob it of great wealth, are considerations that can be readily under-stood. But for a man, to all purposes seemingly intelligent, to sacrifice a noble and beroic girl solely for the comparatively insignificant sum of \$800 is so horribly atroous that reason must single it out as no thing less than the machination of an infer-

THE TERRIBLE REALITY.

The first intelligence from the unhappy girl was a telegram from Albion, N. Y., in which she inquired if the fatal accident to her mother in Salem, Va., reported in a northern paper, was true. it would seem Marvin bad carried her to this place, where he hoped to practice his forgery game upon wealthy friends of his victim, and that in order to get rid of her the demon had manufactured and had published the story of the accident to her mo-ther, thinking she would immediately rea circular-saw while at work. It may be asked was this sudden and fatal alliance the result of affection or an insane desire for wealth, and it is only just to this unfortunate lady, who has the deep sympathy of this community, to state emphatically sacrificed herself solely with the hope of bringing relief to her widowed mother, whose mind was becoming seriously affected by the sting of poverty and a triffing burden of obligation which preyed upon her.
